Notes on Proposed Changes

Possible Flex Days

Is there any interest in reinstating a FLEX program at IVC? FLEX removes instructional minutes from each class period and uses those minutes to establish mandatory staff development days for faculty. Under this new plan there would be 1 or 2 six-hour staff development days created. If we establish 1 FLEX day then it will occur on January 4. If we establish 2 FLEX days then the second will occur on August 19. If we create the January FLEX day then the break in service problem for retirees is also fixed. However, that also requires that 177-day faculty switch to being paid in 11 monthly salary payments (Aug - June), instead of 10. That means that each check would be a bit smaller than people are getting now, but there would be one more monthly check and only July would be an unpaid month.

Winter Intersession

Is there any interest in changing the course scheduling for Winter Intersession to eliminate instruction on Fridays (the same as in Summer Session)? To eliminate the Fridays one extra day would be added at the start of the Winter and one extra day at the end of the Winter. This would leave Winter with 20 instructional days instead of 23. In order to compensate for fewer days the time blocks would be changed and 20 extra minutes added to each day's class period. For a 3-unit class the time blocks would be: 7:30 - 10:00; 10:15 - 12:45; 1:00 - 3:30; 3:45 - 6:15; and 6:30 - 9:00.
