- Vice Chair Waddell announced that within the next two months all committee members will have their pictures taken and their pictures will be posted on the committee websites. She stated that if all members are present at the next College Council meeting a group picture would be taken, if this is not possible she stated perhaps the IVC ID picture can be uploaded.

He stated the District's goal at the end of the year would be to budget to actuals to avoid large variances.
- He announced that negotiations with the bargaining units would be taking place soon and this year's negotiations are critical. He stated in the past credibility issue with the budget have been raised and he stated the District would be more than happy to have this committee bring in an outside accountant to go over the budget, if necessary.

- There was nothing to report at this time.

President Update

Dr. Ed Gould reported the following:

- Announced on March 12th six candidates would be inducted into the Hall of Fame, and tickets are still available. He stated this would be annual event.

Board Retreat:

- Reported that the Board Retreat was held on February 6th from 8:15 a.m. to 2:00 p.m. and the following items were covered:
 - A budget analysis of the last six years was presented to the Board; it showed trends in terms of where expenditures have been found to increase. He stated the District is now tracking at 92% in salaries and benefits with no increase in revenues. He stated \$2.4 million have been spent out of reserves in the past, and the Board was informed that the District cannot continue to use reserve for ongoing expenses including salaries.
 - Announced that based on the Governor's budget and lack of support from legislators, the District's budget would remain status quo and may request a 5% reduction of the budget. He stated the District would begin looking at program reductions, and size reduction due to the budget.
 - Announced \$6 million in partnership grants have been generated and the District has been able to pick up some salaries with the grant money but not enough.
 - Reported that seven faculty members would be leaving the college, and stated the District would not be replacing all positions just the core positions.
 - Discussed Architect Jimmy Sander's report to the Board of Trustees on facilities and going out for another bond to extend the existing bond. He states another alternative would be a \$6.00 tax increase. He stated the Board would be making their final recommendation at the March 8th Board meeting on whether to go out for a bond in the June or November elections. President Gould stated meetings with the different divisions, staff and students would be scheduled to inform every one of the District's intentions to go out for another bond.
 - Reported George Amend of Board Docs gave a presentation to the Board in our efforts of going green.
 - Reported that every ten years according to federal law review of redistricting needs to take place. He stated that, in 2002, California passed a law that requires the distribution of board members by districts to be equal in population. He stated the District's board design was set up in 1959 and each board member represents one of the seven high school districts in the Valley. He stated that, in 2011, the Board would need to adopt a new districting requirement. He indicated that eight other school districts are out of compliance as well as the County Board of Supervisors.
 - Reported that the Board was given a full report on what options to explore in redistricting. He stated the board has the option of recommending their own district changes and hiring a consultant to help with the redistricting; the second option would be to follow the County Board of Supervisor's action and divide into seven districts along the County Board of Supervisor's lines. He stated the problem is that the County of Board of Supervisors have a five member District which are designed around grade school district and not high school districts.
 - Reported that CTA and CSEA have approached the County Board of Supervisors on redistricting and the County Committee took a report but did not have to act and have chosen to date not to act.

- Vice Chair Waddell asked when College Council would be seeing the final reorganizational chart.
- President Gould stated it should be completed by next month.

2. Shared Governance – Jessica Waddell (Attachment 1- Link provided)

- Vice Chair Waddell stated that Chair Heumann sent out an email on shared governance for information purposes.
- She indicated at the next couple of meetings the Chair and Vice Chair would be asking for input from College Council members. - Associate Dean Lopez stated this council exemplifies what shared governance is all about. He stated all other sub-committees channel their recommendations to this council.
- President Gould stated this council in the past has been passive and would like this council to be more active in voicing their recommendations to the President and Board of Trustees.
- President Gould stated AB1725 does a good job in delineating what the faculty's role is on a state level, but it did not do a good job to delineate the role for classified staff and classified senate.

This item was postponed to the next College Council meeting.

ACTION ITEMS

1. Approval of Resolution Recommending the Posting of ICCD Board of Trustees Board Meeting Recordings on IVC Website - John Abarca

M/S/C Sergio Lopez/Miriam Trejo

Whereas Imperial Community College District Board Policy 2365 states, "If the Board causes any tape or video recording of a meeting, the recording shall be subject to inspection by members of the public in accordance with the California Public Relations Act, Government Code Sections 6250, et seq. The Superintendent/President is directed to enact administrative procedures to ensure that any such recordings are maintained for at least thirty days following the taping or recording"; and

Whereas, currently, digital audio recordings of the meetings of the Imperial Community College District Board of Trustees and made available in the President/Superintendent's office; and

Whereas few people take advantage of the recordings because of the time it takes to visit the President/Superintendent's office and listen to the recording there; and

Whereas, many colleges throughout California are posting recordings of their meetings on the Internet, since the Internet provides an inexpensive and easy-to-access means of satisfying the California Public Relations Act, Government Code Sections 6250, while also providing a longer-lasting archive of the Board's activities that can be maintained indefinitely;

Therefore, the College Council for Imperial Community College District recommends that Board Policy 2365 be revised to allow for the publishing and archiving of audio or video recordings of Board meetings via the Internet.

Discussion:

Vice Chair Waddell stated the resolution is to have the audio recordings which are available at the president's office posted on the IVC website to provide staff who cannot attend the Board meetings easier access to listen to the recordings. She stated posting recordings on the website is not required according to current board policy.

Vice Chair Waddell stated the Recording Secretary Adriana Sano visited 113 community college websites to research which California community colleges had their board meeting recordings

posted on their website and of the 113 college websites only three had audio recordings posted and six video recordings.

CTA President Gaylla Finnell stated on behalf of the faculty she would like to voice their support for this resolution.

President Gould stated that he has not made up his mind whether to make a recommendation to the Board. He stated he would do what is required by law and let council know what his decision is.

Vice Chair Waddell called for a vote. There were two abstained votes and seven no votes. The motion was lost unanimously.

ADJOURNMENT

M/S/C Sergio Lopez/Steven Sciaky to adjourn the meeting at 3:00 p.m.
